

*Social Challenges for Schools Today***Cyberbullying quiz**

Read the following statements and choose T (true), F (false) or DK (I don't know):

1. Cyberbullying is online bullying.
2. Cyberbullying is more frequent than face-to-face bullying.
3. Cyberbullying is easier to practice than face-to-face bullying.
4. Cyberbullying is easier to prevent than bullying in real life.
5. Cyberbullying is easier to forget than bullying in real life.
6. Social media, like Facebook, Twitter, Instagram, are usually used to hurt people and tell lies.
7. If I don't have any social media account, then I'm free of risk of cyberbullying.
8. It's OK to share my passwords with some of my friends.
9. It's OK to lie about my age when I need a social media account before legal allowed age.
10. Keeping social media accounts under different identities is normal.
11. If it's only – really only – for my boyfriend/girlfriend, I can send him/her a nude or half nude picture of me.
12. I can always delete pictures I don't want to be public when I need to.
13. If someone shares a bad photo of me to tease me, then I must have done something wrong.
14. It's OK to share pictures with my friends online because they're my friends.
15. Kids who are being cyberbullied are often bullied in person too.
16. Kids who are cyberbullied are more likely to skip school, get bad grades and have health problems.
17. Ignoring or blocking a person is not a good way to deal with cyberbullying.
18. Deleting the messages from a cyberbully is a good way to stop cyberbullying.
19. If someone shares a bad photo of me to tease me, then I should keep the evidence.
20. The good thing about social media is to make so many friends so quickly.
21. Using an anti-virus software is a good way to stop cyberbullying.
22. Not posting private information is one way to prevent cyberbullying.
23. Ignoring the bully can be a solution
24. Sharing the facts with someone you trust can help.
25. Nobody can stop the bully.
